## W. R. Thomas Dies of Pneumonia

Mr. W. R. Thomas, aged 51 years, died at his home in Winchester Sunday night at 10:15 o'clock, after a short illness of pneumonia. About a week ago Mr. Thomas was taken suddenly ill with the gripe, which later developed into pneumonia, and since last Wednesday night his condition had been such that his family and physicians despaired of his recovery.

Mr. Thomas was a son of the late Capt. J. W. Thomas, one of the most central figures among the business men of Bourbon county, was born in this county and here spent the greater part of his life.

Upon the death of his father, Capt. Thomas, he gave up the management of the Estill Springs hotel, near Irvine, in which business he was engaged, to assume the management of the extensive lumber business at Ford, with his headquarters at Winchester, locating there about three years ago.

His life in Winchester was one of unusual business activity, and he devoted much of his time to the interests of that city.

As a director of the Blue Grass League, much of the credit of the success of the organization is due to its efforts in its behalf.

The news of the death of Mr. Thomas was received with deep regret by his host of friends in this city. Immediately upon the receipt of a message announcing his death, Dr. W. C. Usery, President of the Blue Grass League, and Mr. Sherman Stivers, left for Winchester, making the trip in an automobile, where he, acting for the directors of the League extended his sympathies to the bereaved family. While in Winchester Dr. Usery selected a very handsome floral offering as a token of the esteem and affection in which he was held by the members of the board.

He is survived by his wife, who before her marriage was Miss Carrie Hanson, of Paris, one son, Hanson, one daughter, Miss Ethel, one brother, R. L. Thomas, of California, who was at his bedside when he died, and one sister, Mrs. John Ireland, of Lexington.

The funeral will be held at the family residence in Winchester Tuesday afternoon at 2 o'clock, conducted by the Rev. J. H. McNeal, of Winchester, assisted by Elder Carey E. Morgan of Paris.

The pall-bearers will be as follows: Honorary—R. L. David, of Ford, Ky.; Dr. H. H. Roberts, of Lexington; C. L. Pendleton, W. H. Garner, Dr. B. F. Johnson, Thos. Hampton, Strawther Goff, John S. Reese, C. E. Givens, C. W. Burt, Dr. C. H. Reese, E. S. Jouett, B. R. Jouett, of Winchester. Active—H. H. Phillips, Louis Hampton, Wallace Reese, Chester Reese, Dr. D. H. McKinley, Jeff C. Stuart, Jack Lisle, and Waite Rounsabell, all of Winchester.

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

**The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.**

GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

**Relief for alleged Night Riders.**

A dispatch from Washington to the Cincinnati Enquirer of a recent date says:

"The attention of Congress is to be drawn to the indictments found against alleged night riders in Kentucky by Representative Cantrill, who will even seek to have the House Committee on Judiciary, give an opinion as to the legality of the indictments.

"Cantrill holds that there is insufficient ground to warrant the indictments, and that the prosecution of the men against whom true bills were found in persecution. It is his plan to offer a resolution directing the attention of Congress to the indictments and asking for an opinion of the Judiciary Committee.

"Cantrill received a letter today from Rev. John S. Steers, a member of the Kentucky Legislature, in which the clergyman gives what he says is a true statement of the case upon which the Department of Justice based its indictments of those 12 alleged night riders, who are also members of the Burley Society.

"Mr. Steers says that William T. Osborne, who, it is claimed in the indictment, was the victim of the night riders, had promised the tobacco organization of which he was a member, that he would not ship his tobacco, although he refused to pool it with the other tobacco raisers of Grant county, 97 per cent of whose product was in the pool.

"In November, 1907, however, Osborne hauled his crop to the Dry Ridge Station for shipment to Cincinnati. The members of the local union learned of his act and at a meeting on Thanksgiving night appointed a committee to wait upon Osborne.

"This committee was composed of J. S. Carter, a brother-in-law of Osborne, A. C. Webb and R. L. Conrad. They drove to the station and pleaded with Osborne not to ship his tobacco.

"Osborne insisted that, inasmuch as he was not in the pool, he had a right to do what he pleased with his crop, but after he had been reminded of his

promise not to ship he consented, Steers says, to send his tobacco back to his farm, providing the local union would haul it.

"His request was agreed to and the tobacco was sent back to the farm where it remained until the Grant county pool was disposed of.

"If the facts related by Mr. Steers are correct, and I have no doubt they are, and the Department of Justice considers them grounds sufficient to warrant indictment under the criminal code, then no body of farmers in this country is safe from prosecution," said Cantrill today.

"No group of farmers can be permitted to combine their interests for their protection under such construction of the law. If these indictments hold and these men are convicted and sent to the penitentiary, then every agricultural society in this country, formed for protecting the farmers' interest, can be adjudged equally guilty.

"Not even two men could agree to withhold their tobacco, wheat or other crop from a prospective purchaser in another State. All these men did was to argue with one of their own men not to ship his tobacco out of the State, in compliance with a promise he had previously made.

"There is more in this case than appears on the surface. It has a deep political significance. These indictments were brought by Wade Ellis, while serving as special assistant to the Attorney-General. It was he who instituted an investigation of the alleged night riders. They happened to be members of the Burley Society.

"Now Mr. Ellis is going back to Ohio in the capacity of Republican State Chairman. He is going back there to wage political war against the Democratic party—against Governor Harmon. It is significant, it seems to me, that Governor Harmon and former Senator Foraker are the attorneys for the Burley Society.

"Ellis in his prosecution of Burley Society members is fighting a farmers' organization. I have never campaign-

ed in Ohio, but I believe I could go into that State and make 20,000 votes for Governor Harmon just on this issue."

**Lillian Russell at Lexington.**

A special engagement of two nights at the Lexington opera house is announced by Manager Scott when Lillian Russell appears there on Monday and Tuesday evenings, March 14 and 15 in her latest comedy hit "The First Night."

The famous beauty produced the comedy in Philadelphia on Christmas night and since then has had one of the most successful tours through the South in it that was ever placed to her credit. By recent booking she will come into Lexington for these two performances enroute to the East, where she will be seen for the remainder of the season.

"The First Night" was written for Miss Russell by that prolific stage humorist, George V. Hobart, who took his original theme from a funny German farce called "Der Halbo Dichter." In modernizing and suiting the piece to the American stage Hobart has applied it with splendid individual touches and Lillian Russell by her winning and strong personality has furnished a further potent quality.

The story deals with the efforts of a young woman to have her first musical comedy produced in a regular theatre. By associating with a young poet in this innocent cause their purposes are misunderstood, with the result that all sorts of mix-ups make for humorous complications. The comedy is beautifully staged and will be enacted by a splendid cast, including Digby Bell, Susanne Westford, Lula Faber, Sydney Booth, Julius McVicker, Albert Andrus, Cook W. Beck, Hayes Hunter, Lenora Oakford, and Hattie Williams.

The sale of seats for the Lillian Russell engagement will open Friday, March 11. All orders sent to Manager Scott, accompanied by remittance will receive prompt attention. 82t

**Primary in Eighth April 30.**

The Democratic Committee of the Eighth Congressional District met at Nicholasville Thursday afternoon for the purpose of fixing a time and manner of naming a candidate for Congress, and fixed April 30 as a date on which to hold a primary in the district.

**Fined for Bootlegging.**

In Harrison Circuit Court at Cincinnati, Will Smith, colored, was found guilty on two counts for bootlegging whisky, and on the first count was given 100 days at hard labor on the rock pile and on the other count was given sixty days at hard labor.

**Sues for Divorce.**

J. B. Respass, the well-known race horse man, is plaintiff in a suit for divorce filed at Louisville against his wife. He charges improper conduct and drunkenness as the cause of his action. The two according to the petition, were married in Cincinnati on April 1, 1893, and lived together until the 13th of last month.

**South Dakota Insurgents.**

The insurgent Republicans of South Dakota held a State conference at Huron. The conference adopted a platform as follows:

"We commend President Taft for his reiterated declarations of loyalty to the Roosevelt principles of progressive republicanism, and pledge his administration the support of the progressive republicans of South Dakota in its efforts to obtain the enactment of legislation embodying these principles."

"The dominating issue in the coming campaign is the wresting of control of national legislation from special interests entrenched behind Speaker Cannon of the House and Leader Aldrich of the Senate and their supporters. It is not sufficient that Speaker Cannon be retired. It is essential that a successor be elected who is committed to and is a supporter of progressive principles. The progressive republicans of South Dakota will not support a candidate for the primary who does not stand unequivocally on this platform.

"We believe the Payne tariff law was a decided step in fulfillment of the party pledge, but that inequalities yet exist which should be remedied when demonstrated to be such by the investigations of the tariff commission.

"We denounce the practice of collecting moneys for political campaign purposes from persons who hold or are aspiring to appointive government positions, and favor the prohibition thereof by amendment of the corrupt practice act.

"We favor the elimination of the personal spoils system by amendment to the primary law to provide how party nominations to all appointive government positions shall be determined.

"We favor the nomination of postmasters for presidential postoffice by popular party elections, who are resident patrons of the office.

"We favor an amendment to the present corrupt practice act so as to eliminate therefrom the legality of paying for men and teams to haul voters to the polls."

**Business Irregular.**

Dispatches to Dun's Review indicate that while prospects remain encouraging for an active spring trade, current business continues to show much irregularity, conditions being less favorable at the East than in other sections.

**Horses Perish in Flames.**

Fire originating in the rear of the building occupied by Porter, Moreland & Sherrod, furniture dealers, at Georgetown Friday, totally destroyed the structure and adjoining stable, burned seven horses and caused a loss to a neighboring residence. The loss is estimated at \$8,000.

**Swope's Will Probate.**

Col. Thomas H. Swope owned property in Kansas City valued at \$3,483,700, according to his will, which was probated Friday. Property owned in Tennessee, Kentucky and other States increases the total value of the estate to almost \$4,000,000. Felix Swope, of Midway, is left \$158,000, and Miss Anna Wallace Swope of Midway, \$2,500.

**Adjudged Insane.**

Sanford Henson, colored, of Jacksontown, this county, became suddenly insane Saturday and proceeded to demolish his household and frighten away the members of his family. Neighbors being informed of Henson's condition came to the rescue and secured manacled and shackled his arms and legs. He was sent to town in a surrey, and a jury being impeded, was tried in Justice Fretwell's court and ordered sent to the asylum at Lexington.

**New Member of Board.**

Herdy Myers, president of the Nicholas Board of Control of the Burley Tobacco Company, has been chosen a member of the District Board of Control. Mr. Myers takes the place held for a number of years by H. S. Weaver, of Harrison county who has resigned.

**To Retire from the Standard.**

It is stated that John D. Rockefeller, Jr., intends to retire from all his business connections in order to give his entire time to philanthropic work. It is expected young Mr. Rockefeller will assume the management of the Rockefeller Foundation, a bill for the incorporation of which was introduced in Congress Wednesday, as soon as the bill is passed.

**Groundhog Theory Disproven.**

The ancient idea that the groundhog comes out of his hole on February 2, looks about him and if he sees his shadow goes back in to stay for six weeks, during which there will be cold weather, was knocked into a cocked hat Monday at Frankfort. A negro appeared at the customhouse with a groundhog he had caught in a trap and sold the animal to the janitor in the building, a groundhog being regarded as especially lucky meat.

If the groundhog had stayed in his hole for six weeks after seeing his shadow he could not have been caught in a trap on the last day but one of February, so the weather prophets in Frankfort have reluctantly come to the conclusion that the groundhog has had nothing to do with the recent cold weather and is a much maligned animal.

—Misses Virginia King and Louetta Crawley gave a graduation recital Friday evening at 7:30 in music and expression in the chapel of the Millersburg Female College. Their numbers were well chosen and executed. The audience was large, cultured and appreciative. The manner in which the young ladies executed their program showed thorough training on the part of their instructors, Mrs. Shannon and Miss King. They were the recipients of quite a number of bouquets and other presents. At the close of the recital an informal reception was held in the parlor and library of the college for one hour.

**STOCK, CROP AND FARM NOTES.**

—The old pacing stallion, Copperbottom, was brought to Kentucky about 1812, from Canada. The original is believed to have been owned in the Atkinson family in Bath county.

—As soon as the weather permits, trees, grape vines, etc., should be pruned. If put off much longer, loss of sap and consequent loss of strength will ensue.

—At the sale of H. D. Stiles, near Danville Friday one hundred head of ewes sold at \$6 per head, corn at \$3 per barrel, 33 head of mules at \$100 per head, and fine brood mares at \$250 per head. The total sale aggregated \$100,00.

—The one hundred acre farm owned by Rev. J. H. Butler, one mile from Shelbyville has been sold to Wakefield and O'Leary for \$120 per acre. It is the intention to sub-divide the property into small tracts for suburban homes.

—Reports come from some sections of Nicholas county that tobacco growers are losing much tobacco by it being stolen from their barns at night. From one locality it has been reported that tobacco has been carried away to the amount of 6,000 to 7,000 pounds, the barns having been broken into and the tobacco removed at night. All losses thus far reported have been pooled tobacco.

—Receipts of cattle for 1909 were somewhat in excess of those of 1908, but a broader beef market has made a better trade. There is much interest in the future of the market now, but little knowledge as to the main factors in it—the number of cattle on feed, says National Stockman. From many points come reports of a serious reduction in the feeding of cattle, while very few sections admit an increase. It is hard to credit all reports for reduced feeding in view of the number of feeder cattle that have gone from grazing sections and markets to feeding sections. Certainly many people are feeding cattle or feed would be cheaper. One thing quite noticeable now is the trend toward short feeding. Cattle men of the corn belt assert that large proportions of the stock feed lots were marketed in January and February and comparatively little feed for Spring. If they are correct, the man who gets cattle ready for the Spring trade ought to hit it right.

**The Pun.**

The golden age of the pun in Britain was the reign of King James I., the "Stuart Solomon." That learned sovereign was himself a passable punster and made few privy councilors or bishops who were not reputed to be good at a quip. It was therefore in his day that the pun appeared with pomp and dignity. It had been before admitted into merry speeches and ludicrous compositions, but was now delivered with great gravity from the pulpit or pronounced in the most solemn manner at the council table. The greatest authors in their most serious works made frequent use of puns.—London Globe.

**Mistaken Identity.**

"Oh, doctor, he growled so savagely I was sure he was mad even before he went on in such a biting way."

"I beg pardon, madam, but is it your large dog or your small pet one you are speaking of?"

"Law, doctor, it isn't my dog I am talking about. It's my husband."—Baltimore American.

### DEATHS.

—Mr. E. E. Peck, aged 72 years,  
died at his home in Sharpburg, Bath  
county, February 24, after a protracted

district in the Kentucky Legislature  
composed of the counties of Rowan

Presbyterian church and had been an  
Elder for many years. His wife who

ble Christian character.

Clark, and E. D. Batterton.

HITE.

—Mrs. Ella Hite, aged 60 years,  
died Saturday night at her home on  
High street, this city, of general de-  
bility after a protracted illness.  
Mrs. Hite was the relict of Col. John  
W. Hite, a veteran printer, who many  
years before his death was connected  
with the Kentuckian-Citizen. For a  
number of years she had been in fail-  
ing health. She is survived by one  
son, John Hite, of Memphis, Tenn.

### Cantrill Announces for Congress

Hon. J. Campbell Cantrill, of Scott  
county, in this issue of the News, an-  
nounces his candidacy for Democratic  
nomination for re-election to the Low-  
er House of Congress of the United  
States. In a letter to the News Mr.  
Cantrill says:

"In answer to some newspaper com-  
ment I beg to assure you that when I  
announced myself that I was under no  
obligation to any one not to make this  
race.

"I am desirous that the District  
Committee shall call a primary elec-  
tion as I consider it the fairest way to  
secure an expression from the voters  
of the District. Our district is one of  
the greatest agricultural districts in  
the Union and I feel, that being a  
farmer, and in touch with the great  
movement in this country to better the  
conditions of the farmer, that I am  
qualified to defend their interests. I  
believe that the future prosperity of  
the farmer now hinges largely on the  
outcome of certain litigation in the  
Federal courts and on certain measures  
now before Congress, and having gone  
into this work with all of my heart  
and soul, I ask the privilege of being  
allowed to carry it through to a suc-  
cessful conclusion.

"The prospect in the nation for  
Democratic success is bright. The  
Republican party has violated its  
pledge to the people for a downward  
revision of the tariff and stands  
stronger today than ever before for  
special privileges to the few against  
the interest of the masses. I have  
stood with my party and its leaders  
upon every question since I have been  
in Congress, and if re-elected I pledge  
myself to do all within my power to  
uphold the principles of the Democratic  
party.

"Very sincerely,  
"J. CAMPBELL CANTRILL."  
Official announcement appears in an-  
other column.

With the arrival of settled weather  
the Paris Electric Light Company will  
begin work in making the arrange-  
ments for the day electric service  
which the company has had in contem-  
plation for several months.

The company has recently purchased  
from a leading electrical house, a du-  
plicate set of machinery which is soon  
to be installed at the power house.  
The plans for the arrangement of the  
machinery has been submitted and ac-  
cepted.

The work of stringing new wires in  
the city will be begun at an early date  
and pushed to completion. With the  
newest electrical appliances that are

After a careful investigation of the best makes, by the committee representing the church, this style of tray was selected. More than forty-five hundred of the leading churches of this country have adopted the "self collecting" tray and it is conceded to be the most practical, sanitary and convenient tray made. This handsome service is now on display in the show window of C. O. Hinton, the jeweler from whom the purchase was made.

## Feed Barn Destroyed by Fire.

Fire of an unknown origin destroyed the feed barn of Mr. Walter Clark, on South Main street Saturday afternoon at 2 o'clock, entailing a loss of several hundred dollars, and threatening the destruction of the adjacent mule barn, the property of Mr. Clark.

The fire department responded promptly to a telephone alarm, and made a quick run to the scene. Upon their arrival the flames were well under way and a brisk wind blowing toward the East, threatening the mule barns and the property of E. F. Spears & Sons.

By heroic efforts and skillful fire-fighting the firemen succeeded in confining the flames to the feed barn, despite the fact that the water pressure was inadequate.

The barn contained baled hay and a large quantity of corn, which was a total loss. Mr. Clark carried insurance to the amount of \$500.

### THEATRICAL.

—One of the unique novelties of staging this season is "Santa Fe" in "Buster Brown" at the Paris Grand on March 23, the chorus being costumed to suggest a floral effect. Vivid coloring and beautiful designs make this a veritable feast of feminine delight.

"THE GIRL FROM THE U. S. A."

—In a late review of theatrical productions by a prominent dramatic critic, the play, "The Girl from the U. S. A.," received a full measure of praise.

The story deals with an American girl who has been placed in an aristocratic convent in Paris, France, that her education might receive an ultra "finish." There she has formed a deep and lasting friendship with Vivienne de Voltone, a French girl.

The play opens with a deep intrigue, both social and political, on the part of the Turkish Ambassador to France. The girl follows her abducted friend into the innermost recesses of the secretly guarded harem of a Turkish pasha, and in the guise of a new "favorite" is terrorized to find that the very Turk whose scheme she is trying to frustrate, has fallen in love with her. Only by shrewd diplomacy can she save herself from the clutches of an unlicensed barbarian. And later, in the ceremonious mazes of Chinese society, her native wit saves the day for herself and friends.

Although the plot leads one among the scenes of Oriental splendor, the tone of the play remains vividly and thoroughly American in sentiment. The climaxes are thrilling and unexpected, and the comedy of several novel characters is as welcome as it is diverting. There are some splendid musical numbers added to an already complete entertainment, and altogether "The Girl from the U. S. A." is somebody you will want to be acquainted with when she appears at the Paris Grand tonight. Seats on sale at Mitchell & Blakemore's outfitters-tomen.

### An Old Relic.

An interesting relic in the way of a tax receipt that has passed the century mark in age and is now in the possession of the fourth generation of one of the most prominent families of the county, the children of the late James Duncan—Mrs. George R. Bell, Mrs. James K. Ford, Mrs. W. P. Chambers and Mrs. Hannah Taylor. The document which is written with the old time quill pen, is yellow with age, but well preserved. It is a receipt for taxes in the year 1803 and was issued to Capt. James Duncan, an officer of the Revolutionary War, who owned more than 1,200 acres of land on the Winchester pike, now the property of James E. Clay.

The receipt passed to his son, Major Jeremiah Duncan, who served in the war of 1812 and then descended to James Duncan, father of its present owners, who prize it very highly and who may donate it to the Kentucky Historical Society in Frankfort.

The receipt which was issued by John L. Hickman, clerk of the county court, reads as follows:

To 622 acres of first rate land valued at 62 1-2 cents per acre, \$4.14.

To 625 acres third rate land, valuation 16 7-10 per acre, 98.

To 11 leveys each 25 cents, \$2.75.

To 12 slaves valued at 12 1-2 cents each \$1.50

To 14 horses valued at 4 cents each 56 cents.

A total of \$9.98.

### Unit Bill Killed in Senate

The Kentucky Senate in a stormy session Friday and after a long debate over the county unit measure and the bill providing for the reading of the Bible in the public schools, virtually killed the Waggoner county unit bill, which passed the House, and the Bible reading bill was recommitted.

### The Young Idea.

### A Constipation Remedy Free

There is no action of your daily life of greater importance than to see that your bowels move. They should move at least once a day naturally, and by that is meant without any help. If they do not move at least once a day you can consider yourself constipated and it is time you did something about it.

You will be glad to know there is a way out of the difficulty. Lemuel Landerdale, an old soldier, Quincy, Ill., Elmer McMillan, of Speed, Mo., Monahan, of Stonewall, Miss., and many others were as you are now. But one day they awoke to the fact that Dr. Caldwell's Syrup Pepsin was curing their friends, so they bought it too and it cured them. Today they are loud in praise of it.

What Dr. Caldwell's Syrup Pepsin did for them it should do for you. Surely your constipation is no worse than theirs, one of whom had it since '61. It only remains for you to realize that salts are of but temporary good, and what you want is a permanent cure; that purgative tablets, cathartic pills and such violent things make a great show of doing something, but do nothing that is lasting. Dr. Caldwell's Syrup Pepsin is a scientific preparation, a laxative- tonic, a mild syrupy liquid that contains ingredients that not only cure the constipation, but tone the intestinal muscles so that they learn again to work without help. A bottle can be bought of any druggist for the small price of 50 cents, and there is a dollar size for families who have already found out its wonderful value in stomach, liver and bowel troubles, in old or young.

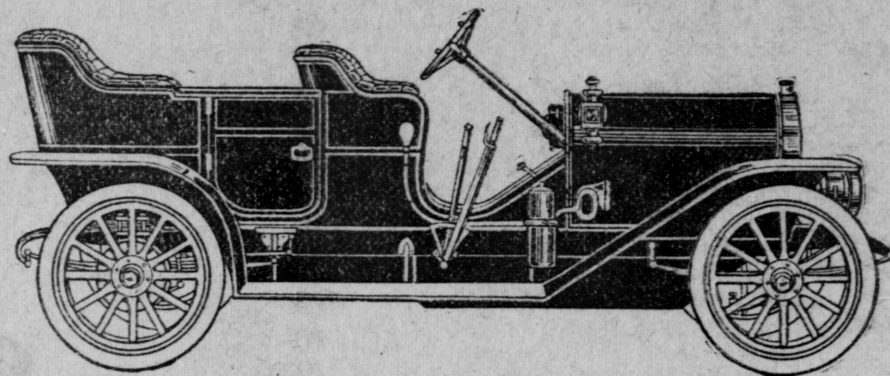

Send your name and address to the doctor and a free trial bottle will be sent you so that you can test it before buying.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

### A PRISON HORROR.

Awful Fate of a Russian Political Offender.

David Soskice writes in McClure's Magazine of the horrors of the Schlussemburg, Russia's political prison.

"Grachevsky, unable to stand his life any longer," says he, "struck a guard in order to be executed. But the commandant of the fortress declared him to be insane and therefore exempt from punishment.

"Then," said Grachevsky, "it remains for me but to kill myself." He was taken to the 'stable' and kept there under most vigilant watch.

"One night," related Ludmilla Volkenstein, "a terrible, inhuman shriek was heard. Footsteps hurried toward Grachevsky's cell. Feeble groans followed, and then his door was quickly opened, and it was evident that something terrible had happened to him. Smoke and the smell of burnt clothing and flesh pervaded the building and hung about it till the following day. We then knew that Grachevsky had burnt himself alive. He had soaked his clothes and bedding with the oil from the little night lamp and, rolling himself up in his blanket, had set it on fire. For several days beforehand he had disarmed the suspicions of his guards by exceedingly rational behavior, so that they had relaxed their watchfulness a little and enabled him to commit the dreadful deed."

### STONE AGE CUSTOMS.

Ancient Habits Still Endure Among Natives of Rural Roumania.

Customs and habits directly traceable back to the end of the stone age are still observed by the inhabitants of the remoter parts of rural Roumania, says Dr. Emil Fischer of Bucharest in the Umschau. The latest statistics show that there are still in Roumania over 54,000 cave dwellings in existence, in which a quarter of a million peasant folk live. These caves are almost as primitive in their arrangements as the original cave dwellings of the stone age.

As recently as in the eighties of the last century, the oldest Indo-Germanic grain, was still crushed in Roumania by means of hand mills and stored in peculiarly shaped granaries similar to those used by the natives of central Africa. Today the Roumanian peasants still use ancient plows. At funerals a repast named coliba is partaken of consisting of soaked and boiled corn the exact way corn was first prepared and eaten by the tribes of Europe.

Even today crabapples and wild pears are the only fruit known to the Roumanian peasant, and his vegetables are wild herbs boiled with oil pressed from sunflower, hemp and gourd seeds. Medical men in rural Roumania are still known among the peasantry as wizards.

### He Had Learned It.

Willie, five years old, was in his father's office one afternoon waiting to go home with him. Mr. S. was very much occupied—in fact, so much so that he had quite forgotten that his young son was sitting behind him. At length the telephone rang, and Mr. S. was told that there was a long distance call for him. He called "Hello!" a number of times, and just when his patience had about given out central rang vigorously while the receiver was still at his ear. At this Mr. S. uttered a terrible and forbidden word.

The words were no sooner out of his mouth than he remembered that his son was but a few feet from him. Wheeling about in his chair, he said, with humility:

"That was very wrong of father to say those naughty words, Willie. I hope," he added, "that my little boy will never use such dreadful language."

"I—I won't never say it, papa," replied the child, with a mischievous twinkle in his eye, "but I learned it all the same!"—Harper's Magazine.

### Suffrage Bill Passes Senate.

The Kentucky Senate Monday passed the bill providing for woman suffrage in matters affecting the public schools. An amendment to the measure permits only those women who have taxable property to vote. Senator Linn made two unsuccessful efforts yesterday to have the Committee on Rules put in charge of all legislation. The bill providing for a bond issue to pay the State's debt was finally killed.

### Cow Commits Suicide.

Grief on account of her calf being weaned away from her is thought to have caused the suicide of a cow on the farm of S. A. Ratliff, in Harrison county. The cow had a rope on her horns and in some manner unwound it and, catching it around her foreleg, drew it in such a manner as to break her neck. She had just been separated from her calf.

### License Fee Increased \$75.

The long drawn-out fight over the question of raising the saloon license fee in Lexington was finally settled Tuesday night when, at a special meeting of the City Council, both boards passed an ordinance fixing the license fee at \$225 a year, which is an increase of \$75 over the old fee of \$150.

### Three Prison Bills Passed.

All three of Senator Thomas' prison reform bills have now passed the House and Senate, and Lieut. Gov. Cox, as President of the Senate, Tuesday signed the enrolled copy of the bill providing for an indeterminate sentence law. Things looked bad for the bill providing for a more liberal parole law when it came up for passage in the House one day last week and in order to save it until an opportunity could be had to explain its provisions to the Representatives, the measure had to be recommitted to the Committee on State Prisons and Houses of Reform.

### Returns from Inspecting Tour.

Grand Commander Joe Ewalt of the Grand Commandery of Kentucky Knights Templar has returned from a tour of inspection in Western Kentucky, having visited the commanderies at Owensboro, Louisville No. 1, Earlinton, Princeton and Madisonville. Grand Commander Ewalt will retire from office at the meeting of the Conclave of the Grand Commandery to be held in Winchester on May 18-19, and will be succeeded by John G. Cramer of Lexington. Cramer de Lion Commandery No. 26 of this city will attend the Conclave having secured quarters at the Brown-Proctor Hotel. Mr. Ewalt is Chairman of the Triennial Committee, having in charge the arrangements for the triennial Conclave of the United States to be held at Chicago, August 8-13, and has secured the Congress Hotel for headquarters of the Grand Commandery of Kentucky. Among those from Paris who will attend will be Joe Ewalt, Dan W. Peed, Dr. James Stewart and M. H. H. Davis.

### Forty-Fourth Anniversary.

The Richmond, Ky., Register on last Friday celebrated the forty-fourth year of its existence, and enters, it says, "on its forty-fifth volume with malice toward none and charity toward all." May the life of the Register be extended many more years, and may each succeeding year bring to it unimpaired prosperity, is our earnest wish.

### Cantrill will Run Again.

Campbell Cantrill will be a candidate for Congress to succeed himself in this district. It has been understood for several months that there might be some doubt about his running again but a telegram received Tuesday morning by a close friend of Mr. Cantrill, at Frankfort, announced positively that he would be a candidate.

As a Congressman Mr. Cantrill has worked hard for the interests of his constituents and has succeeded in making many strong friends by his course in Congress, who were opposed to him in his race two years ago. Just who will be candidates against him is not known, but it is conceded that no matter how many run the one that wins will have to defeat Cantrill, as he starts out with a strong following in every county who will work actively for him.

Some weeks ago the friends of former Congressman South Trimble almost persuaded him to make the race against Cantrill, but it is conceded now that he will not enter the race.

There has been but little talk so far as to who will make the race except that Senator C. M. Thomas, of Bourbon, and W. P. Kimball, of Fayette are regarded as probable candidates. The Democratic committee of this district will likely not take any steps towards calling a primary or district convention till late in the summer.

This filly is a full sister to Running Water and Yankee Girl and is one of the most promising youngsters seen in the West in recent years. Before she was even saddled Mr. Clay was offered \$5,000 for her and refused the sum. ### BLUE GRASS LEAGUE NOTES.

Hogan Yancey, half owner of the Lexington Base Ball Club has secured his release from the Birmingham Southern League Club and arrived in Lexington Friday night to take up the work of mapping out plans for the coming season.

Mr. Fred Och, the star centerfielder of the Paris Base Ball Club last season, left yesterday for a visit to his parents in Cincinnati, after which he will report in Rock Island, Ill., March 23, for practice work as a member of the Rock Island Base Ball Club of the Three I League.

Four pitchers have been signed by Manager Warren for the Frankfort base ball team this season, and if they show good form probably no more will be carried. Only one is known to the fans and he is Lester Cornell, who has been with Frankfort for two seasons. The others are Easterners whom Manager Warren has the "dope" on. They are Ferguson, Melvain and Yerkes. Nothing is known of them by the directors of the team, but they are willing to take Warren's word for it.

The grand stand at the park of the Paris Base Ball Club is to be enlarged to increase the seating capacity of and will be extended forty feet. The left field fence will be moved back and the bleachers enlarged, and the entrance to the park changed. The fence in the right field will also be set back some distance to accommodate those who attend the games in vehicles. Groundkeeper Toppix Nix will begin work with a large force of men about March 15, preparing the ground for practice work when the fifteen pennant chasers arrive in Paris.
